

ARTICULATION AGREEMENT GUIDE

Washtenaw Community College – Associate in Science, Health Program Preparation
 Eastern Michigan University – Dietetics Combined (BS+MS)

Washtenaw Community College Courses:	Eastern Michigan University Courses:
Michigan Transfer Agreement (MTA) Requirements (30-31 credits)	
Students with the MTA endorsement on their community college transcript have satisfied EMU's General Education Core Requirements and will be required to complete only the General Education Application Requirements of one Perspectives on a Diverse World course, one Learning Beyond the Classroom experience, and a Writing Intensive course in the major. <u>Courses listed below for the MTA also satisfy program requirements at EMU and/or WCC.</u> For WCC approved MTA courses go to the community college's website. Students without an MTA or MACRAO endorsement must complete EMU's general education program.	
1. A course in English Composition	
ENG 111 Composition I.....4	WRTG 121 Composition I (3)+1 (GEEC)4
2. A course in English Composition or Communication	
Choose one from the approved MTA list.....3	General Transfer Credit.....3
3. A course in Mathematics	
^{2*} MTH 160 Basic Statistics4	STAT 170 or SOCL 250 (3)+1 (GEQR)4
4. Two courses in Natural Sciences from different disciplines (one lab required)	
^{1*} BIO 237 Microbiology4	BIO 328 Microbiology for Health Professions4
^{1*} CEM 140 Organic Biochemistry4	CHEM 120 Fundamentals of Organic & Biochemistry.....4
5. Two courses in Humanities and Fine Arts from different disciplines	
Choose two from the approved MTA list6	General Transfer Credit.....6
6. Two courses in Social Sciences from different disciplines	
Choose one from the approved MTA list.....3	General Transfer Credit3
^{2*} PSY 100 Introduction to Psychology3	PSY 101 General Psychology Lecture.....3
If needed, complete additional credits in any of the above categories to meet the 30 credit minimum for the MTA.	
WCC Program Requirements (28-31 credits)	
^{1*} BIO 111 Anatomy and Physiology-Normal Structure5	EXSC 201/202 sub for EXSC 269 (3)+2.....5
^{2*} HSC 147 or PSY 2063-4	EDPS 225 Life Span Human Growth and Development ...3-4
^{1*} HSC 138 or HSC 139 General and Therapeutic Nutrition2-3	DTC 202 Principles of Human Nutrition (3)-1.....2-3
HSC 101 Healthcare Terminology.....1	AHPR 200 Medical Terminology.....1
Area Studies Electives17-19	General Transfer Credits (varies)17-19
Students may transfer their EMU courses after the first semester to complete their associate degree at WCC.	
Credits at WCC:58-61	Credits that transfer to EMU 58-61

*Required for EMU's Dietetics Combined (BS+MS) program. If not transferred, must be completed at EMU.

Note: Combined Program is noted as "CP"

1 Pre-Application Phase course requirements. To be considered for entry into the Dietetics Program, students must earn a grade of "C" or above in all required prerequisite courses, a minimum cumulative GPA of 3.00 (including all previous undergraduate and graduate college-level courses), and a minimum prerequisite GPA of 3.0 or higher.

The applicant must complete the following prerequisite courses before January 1st of the year of application:

2 Pre-Admission Phase course requirements. Courses may be completed after applying to the CP but must be completed before May 1 by enrolling in courses listed under Major Requirements. Any courses not completed at the time of application must be completed with a transcript submitted to the Program director by May 1 of the year the student applies for the CP. Applicants will be ineligible to start the CP if pre-admission courses are not completed with the required C or higher by May 1 of the year the student applies to the Combined Program. Completing Pre-Admission courses before the pre-application phase strengthens a candidate's application but is not required.

Information on application and admission to the Dietetics Combined program can be found in [EMU's catalog](#).

ARTICULATION AGREEMENT GUIDE

Washtenaw Community College – Associate in Science, Health Program Preparation
 Eastern Michigan University – Dietetics Combined (BS+MS)

Completion of the Dietetics Combined (BS+MS)**Undergraduate Requirements (64 credits)**

Prerequisite courses cannot be older than five years at the time of the Dietetics program application (with the exceptions of Physiology, Microbiology, Organic Chemistry, Biochemistry, and Aging to Infancy, which cannot be older than ten years at the time of Dietetics Program application, and General Psychology which has no time limit). Satisfactory completion (C or above and meeting pre-application course GPA requirement) of all prerequisite courses (pre-application and pre-admission) is required before starting the MS CP in the summer I semester.

Pre-Application Phase Requirements (2 credits)

DTC 108 Careers in Nutrition and Dietetics2

Pre-Admission Phase Requirements (13 credits)

The following prerequisite courses may be completed after applying to the CP but must be completed before May 1 by enrolling in courses listed under Major Requirements. Any courses not completed at the time of application must be completed with a transcript submitted to the Program director by May 1 of the year the student applies for the CP. Applicants will be ineligible to start the CP if pre-admission courses are not completed with the required C or higher by May 1 of the year the student applies to the Combined Program. Completing Pre-Admission courses before the pre-application phase strengthens a candidate's application but is not required.

 DTC 696 Research III.....1

Option III – Research Writing (3 credits)

DTC 601 Research Writing.....3

LBC Requirement

Students must complete one Learning Beyond the Classroom course or noncredit experience offered by EMU. Consult your advisor for options.

Credits at EMU: 83-86

Transfer Credits: 58-61

Total Minimum Credits: 144

Program Admission Information

To be eligible to apply for the Combined Program:

The minimum GPA requirement for admission to a combined bachelor's/master's program is 3.0. For the CP the 3.0 cumulative GPA is calculated based on all university courses completed, whether taken at EMU or another university.

Pre-Application Phase for MS:

To be considered for entry into the Dietetics program, students must earn a grade of "C" or higher. Students who do not meet the 2.75 minimum cumulative GPA requirement are still eligible to apply if their pre-application prerequisite course GPA is 3.5 or higher. If the student does not meet the Graduate School's minimum GPA requirement (2.7), an eventual admission to the Dietetics Program would include conditional admission to the Graduate School for the nine graduate credit hours.

ARTICULATION AGREEMENT GUIDE

Washtenaw Community College – Associate in Science, Health Program Preparation
Eastern Michigan University – Dietetics Combined (BS+MS)

Additional Information:

1. Each institution will determine the satisfactory completion of their individual program and degree requirements. Both institutions agree to accept transferable courses from each other and from other regionally accredited institutions. WCC courses indicated with an * are required for EMU's Dietetics Combined (BS+MS). Substitutions for these courses must be approved by the EMU Dietetics Program Intent Advisor.
2. Students with the MTA endorsement on their community college transcript have satisfied EMU's General Education Core Requirements and will be required to complete only the General Education Application Requirements of one "Perspectives on a Diverse World" course, one "Learning Beyond the Classroom" experience, and a "Writing Intensive" course in the major. The Perspectives on a Diverse World requirement may be transferred to EMU.
To use the Michigan Transfer Agreement (MTA), students must have an official community college transcript, with the "MTA Satisfied" endorsement sent to EMU's Admissions Office. Students who do not have "MTA Satisfied" on their community college transcript, will be required to satisfy EMU's general education requirements as applied to transfer students. The MTA may be completed after admission to EMU, however, students should inform their advisors or they may be advised to complete additional courses for the general education program. If already on the transcript, the MACRAO designation will be accepted at EMU after August 2019.
3. Only courses with a grade of "C" or better (2.0 on a 4.0 scale) will be accepted for transfer to either institution.
4. Under this agreement, EMU will require that a minimum of 83 credit hours must be completed in EMU courses, with at least 15 hours in the program at the 300-level or above. Of the last 30 hours completed before graduating, a minimum of 10 credit hours must be in courses offered by EMU. A minimum of 144 credit hours, completed in-residence or accepted in transfer, is required for graduation.
5. Students must satisfy all admission requirements at the time of application for admission to EMU, including submitting transcripts from all previously attended colleges. WCC students will receive equal consideration with other students for course registration and financial aid. See page 2 of this guide for program specific admission criteria for the Combined Program (CP).
6. For detailed information on program requirements, please see the [EMU catalog](#).
7. Students are encouraged to contact EMU's Dietetics Program Intent Advisor before applying to EMU. To facilitate advising and the evaluation of transcripts, bring a copy of this articulation guide to all advising sessions.

Effective Date: September 1, 2023 until August 31, 2026.

This agreement is consistent with the 2023-2024 catalog. Students have until summer 2031 to graduate from Eastern Michigan University following this agreement. In the event that a student does not complete the program within seven years, they may be required to have their credits reevaluated using the requirements of the current articulation guide.

Note: After admission to the EMU Dietetics program, students have three years to complete the graduation requirements of the Dietetics program.
